

Career Journey Map

Exploring the World of Imaging One Milestone at a Time

As a technologist, you're a true explorer. You navigate the inner workings of the human body with precision, skill and care. This Radiologic Technology Week, Cassling celebrates the unique journey each of you have taken to become part of this adventurous field.

Use this Career Journey Map to reflect on your own expedition into the world of imaging! From your first steps into radiologic sciences to the milestones you've achieved along the way, take this opportunity to chart your path, share your story and inspire others who are just beginning their journey.

Instructions

Follow the prompts below to reflect on your adventure thus far. Add any personal touches like photos, doodles, favorite quotes, etc. that have inspired you on your journey as a technologist. When complete, share your journey with your team by hanging it in your department or post on social media (*don't forget to tag Cassling!*).

1. What inspired you to pursue a career in medical imaging?
2. Where did you complete your education or training?
3. What was your first job in radiology? Share your role and location!
4. What are 3 career milestones or achievements?
5. List 5 key skills you've gained over years that are imperative to your role.
6. If you could give one piece of advice to someone entering the field, what would it be?
7. List 2 future goals you hope to achieve.
